**2** Search for new players at your level of ability or based on other criteria you specify.

✓ League players love the system to help them find a sub when needed.

✓ Team captains can communicate with team members using buddy lists from any computer on the internet – not just the one with everyone's email address.

✓ And finally, everyone can use Find-A-Game to pick up a game anywhere in the country. So if you're traveling, or got stuck with that convention for 5 days out of town, run Find-A-Game and get a workout when you're on the road.
